21 May-29 June 2012

# USCGC VALIANT (WMEC 621)

**Spring/Summer Patrol Newsletter 2012** 

The adventures of the most VALIANT crew in the fleet!

#### **Transfer Season**

Every summer, Coast Guardsmen around the country (and around the world) transfer as tours end and our shipmates move to their new units.

During the most recent inport period, we said goodbye to some of our own shipmates in Miami with VALIANT's impending homeport shift to NAVSTA Mayport in Jacksonville, FL

Above: Members of the Operations Department render sharp salutes during the playing of the National Anthem at the start of the ceremony. On May 11th, VALIANT held a retirement ceremony for Chief Petty Officer Jose Tabar, who decided to hang up his uniform after 20 years of dedicated service in the Coast Guard. In attendance were shipmates from almost every unit this Quartermaster turned Boatswain's Mate served with. Chief Tabar, good luck, you will be greatly missed. Fair winds and Following Seas!

Above Right: Commanding Officer, Commander Dettleff, presents Chief Petty Officer Tabar with a Commendation Medal for his contributions to VALIANT as the Deck Chief Boatswain's Mate from July 2010 to May 2012.

Senior Chief Petty Officer Buckley was joined by his wife, Alma, and their two children for his departure and advancement ceremony.

**Congratulations, Senior!** 

Commanding Officer,
Commander Dettleff,
presents Lieutenant
Commander Heyward
Silcox, with his departure
award for his service as
Executive Officer from June
2010 to May 2012.
Welcome Aboard—
Lieutenant Commander
Tim Sommella!

## **Adios Miami!**

VALIANT got underway the evening of May 21st from Coast Guard Base Miami Beach. This patrol VALIANT worked for Joint Inter-Agency Task Force South (JIATF-S) enforcing maritime laws and treaties to thwart the efforts of drug trafficking organizations attempting to move illicit narcotics throughout the Caribbean, and ultimately destined for U.S. streets. VALIANT was ably assisted this patrol by an embarked MH-65D helicopter crew from Helicopter Interdiction Tactical Squadron (HITRON), based in our future homeport of Jacksonville, FL.

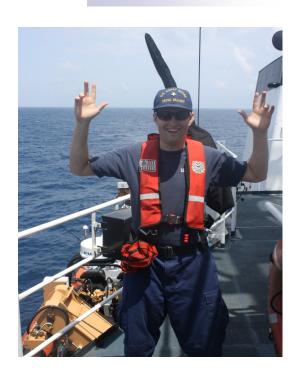

Boatswain's Mate Chief Petty Officer Purinton marked a significant moment in his Coast Guard career this patrol with his advancement from First Class Petty Officer to Chief Petty Officer.

Above: Chief Purinton stands among fellow VALIANT current and past chiefs (From left to right: Chief Petty Officer Waguespack, Lyons, Torrey, Purinton, Matos, Carney)

Right: Commanding Officer, Commander Dettleff, presents Chief Petty Officer Purinton with his anchors on the flight deck.

## **Standing a Taut Watch**

Although standing watch is a serious matter, watch standers still find ways to lighten the mood.

Left: Electronics Technician Second Class Hanson prepares for small boat checks.

Below: Seaman Lambert maintains a keen eye on the horizon for any suspicious vessels while standing Lookout Watch on the flying bridge.

## **Engineer on the Bridge**

Damage Control
Assistant, Ensign Mueller,
took a break from watch
in the engine room to
break-in as Underway
Officer of the Deck—a key
qualification in his pursuit
of future patrol boat
command afloat.

Above: Ensign Mueller has the Conn and is joined by the rest of the bridge team; Deck: Ensign Canvin, Quartermaster of the Watch: Storekeeper First Class Thomas, and Helmsman: Seaman Torres.

Right: Ensign Mueller does not let a little blue tape stop him! He uses creative means to take a bearing with the alidade when the bridge wing was blocked off for deck resurfacing in preparation for the Change of Command.

## **Busted**

In the early morning hours of May 31st, VALIANT interdicted a go-fast vessel carrying bales of cocaine off the coast of Nicaragua. The embarked helicopter fired warning shots and ultimately disabling fire to the vessel's outboard engines upon their refusal to requests to stop the vessel. With the assistance of Nicaraguan Navy vessels, VALIANT recovered 43 bales over the next few days, totaling over \$32.5 million of cocaine.

Above: VALIANT's crew poses with the bales and the MH-65D Dolphin helicopter on the flight deck. The interdicted go-fast, driven by VALIANT crewmembers, can be seen in the background alongside the cutter.

Left: The small boat crew passes recovered bales to the cutter on the morning of May 31.

Below: Recently reported aboard Maritime Enforcement Specialist Second Class Stieren and Executive Officer, Lieutenant Commander Sommella, use a Narcotics Identification Kit (NIK) to confirm the bales are carrying cocaine.

Below: All recovered bales stacked on the flight deck. VALIANT interdicted 43 bales with a street value of \$32.5 million dollars.

Left: Boatswain's Mate Second Class Dinu excitedly returns the small boat to the cutter with the recovered cocaine bales.

Below: Ensign Neuhardt attempts to drive the interdicted go-fast vessel with Electronics Technician Third Class Villanueva acting as boat crew. VALIANT kept the go-fast in tow for several days after the interdiction.

Left: Maritime Enforcement Specialists Second Class Stieren and Third Class Padilla demonstrate just how tactical they can be while guarding the smugglers from the go-fast chase on the fantail.

**Right: Commanding** Officer, Commander **Dettleff, recognizes Aviation Maintenance Technician Third Class** Fischer at quarters following the go-fast chase. Third Class Petty Officer Fischer. **Helicopter Interdiction Tactical Squadron** (HITRON) based out of Jacksonville, Florida, was the marksman who fired the shot that disabled the vessel and enabled **VALIANT** to interdict the contraband.

#### **Port Call**

VALIANT's first port call was in the beautiful island of Grand Cayman. The crew enjoyed white sand beaches, great food, and autographs from Guy Harvey. The Morale Committee organized a trip to Stingray City, where crewmembers pet and fed wild Stingrays and snorkeled with tropical fish over a colorful reef.

Above: members of the crew meet the "locals"

Right: Ensign Neuhardt enjoys some sun on the boat ride to Stingray City

#### On Call

While working on the bridge fixing the radars, Electronics Technician Third Class Villanueva heard a call over the radio from a nearby disabled fishing vessel. As one of VALIANT's Spanish translators, Petty Officer Villanueva, quickly interpreted the vessel's request for food and water. After further exchanges with the vessel, it was determined that one of the men onboard was suffering from "the bends" from a diving accident. VALIANT quickly sprung to action, launching the cutter small boat to deliver bags of rice, cases of water, and boxes of crackers. VALIANT brought the sick man onboard for emergency MEDEVAC with VALIANT's embarked helicopter. Once off VALIANT's decks, the helicopter flew to the nearest hyperbaric chamber in Nicaragua, where the victim received life-saving treatment. The disabled vessel was towed back to Nicaragua by a fellow fishing vessel. Bravo Zulu to Petty Officer Villanueva for literally answering the call of duty and ultimately saving a man's life!

## **Helo Ops**

Special Thanks to the aircrew of CG 6525! The aviation detachment (AVDET) integrated well with the crew and was a great asset to have onboard this patrol. Every type of evolution was encountered, including a gofast chase, medical evacuation (MEDEVAC), search patterns and training.

Left: The Tiedown crew hooks up a load of cargo to the helicopter as it hovers five feet above the flight deck as part of Vertical Replenishment (VERTREP) training

Above: VALIANT conducts Helicopter In-Flight Refueling (HIFR) by attaching the fuel hose to the hoisting cable on the helicopter. VALIANT was able to qualify four Tie-Down crewmembers, two Landing Signals Officers, and one Helicopter Control Officer this patrol.

How many ensigns does it take to launch the small boat?

Above: Four ensigns "supervise" the lowering of the cutter small boat into the water.

Left: The small boat takes station alongside VALIANT in anticipation of detainee and contraband transfer with USS ELROD

## Avalanche

Food Service Specialist Third Class Woitt gets buried in boxes while searching for menu items in the reefer.

## **Keeping Cool**

Damage Controlman Second Class Spelz stays well hydrated during a fresh water wash down in the hot sun of the Caribbean.

## A Little Overdone -The Chiefs Mess hosted "Pizza Night" one Saturday underway...this is their attempt at Hawaiian pizza

## **Working Off the Pizza**

**Seaman Sedberry and Seaman Everett try out VALIANT's new exercise** bikes provided by the generous support of the **Coast Guard Foundation,** a national not for profit, with the mission to assist service members. **Each year, the Coast Guard Foundation** provides support to operational units, including funding for fitness and other morale equipment.

Page 18

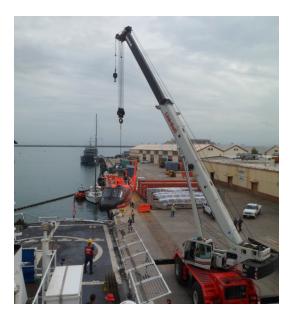

## Guantanamo Bay (GTMO), Work and Play

VALIANT's final port call was in Guantanamo Bay, Cuba. For some, this meant balancing intense workouts at the gym and sports fields with American fast food. We also welcomed out newest shipmates, Boatswain's Mate First Class Goodwin, Storekeeper First Class Chapman, and Seaman Cisneros.

For the Deck and Operations Departments, the first day of the port call was spent knocking out exterior maintenance projects to smarten the cutter's appearance for the Change of Command ceremony in July. More work in GTMO means less in Miami Beach!

Above: Seaman Werner listens to music while working on the forecastle.

Left: Seaman Dodd waves from the paint float while touching up the racing stripe on the port side of the hull.

# Crane-assisted helo "flight" from flight deck to flat bed

While conducting flight operations in rough seas, the helicopter experienced an over torque on the gear box during take-off from the flight deck. This grounded the aircraft on the cutter for several days until it could be craned off in Guantanamo Bay. The helicopter was repaired quickly during the port call and was observed conducting a test flight as VALIANT headed outbound to sea, en route Miami Beach!

## **Golf Tournament**

While in Guantanamo Bay, the Morale Committee supported a golf tournament.

Above Left: Chief Machinery Technician Carney sends the ball down the hill to the green. Above Right: Chief Warrant Officer Torrey drives the golf cart for the Chief Petty Officer team.

Right: The Officer of the Deck break-in, Ensign Copening, along with VALIANT's Corpsman, Petty Officer McArdle, pay the Captain, Commander Dettleff, a visit to inform him of an injured crewmember. Petty Officer Padilla will be back on the basketball court in a few days!

Above: Participants from several teams gather after the golf tournament for some laughs and drinks.

Right: Electronics
Technician Second
Class Hanson poses
with Maritime
Enforcement Specialist
Second Class Dings for
his last night in GTMO
with his VALIANT
shipmates.

## **Final Return**

On June 29th, VALIANT returned to its homeport of Miami Beach for the final time. It was a busy, exciting, and successful patrol for all. In August, VALIANT will shift homeport to Naval Station Mayport in Jacksonville, FL.

Fair Winds and Following Seas to all departing crewmembers who served their last patrol aboard the mighty VALIANT. We wish you all the best!
